

Dear Sir,

May I add to the debate on MP's expenses

1. **MONEY SHOULD NOT CHANGE HANDS!**

2. All allowances should be abolished and substituted with the following proposals:-
3. All accommodation should be provided by the Government for those MP's outside the commuting zone.
4. Travel Warrants for ALL forms of travel should be issued by the individual party organisations. This system is used widely in the MOD.
5. Grace and Favour homes must be used by those in High Office - with No exceptions.
6. No family or friends to be in the employ of individual MP's
7. Any additional extraneous expenses must be supported by a receipt and scrutinised by an independent organisation.
8. If MP's are not happy with the Government accommodation they can make alternative arrangements at their own expense.
9. All MP's be given a "Chip and Pin" card to sign in and out of parliament for security reasons.

With the aid of computers, non of these proposals should be beyond the wit of man and the Voters would have an open, transparent system whereby MP's would be accountable for their actions and monitored more closely.

If MP's do not like the new rules then they can resign - there is a big wide world out there - and make way for those people who have lost their jobs over the past few months.
